## General Instructions

**Form AU-766, *Guarantee Bond***, must be executed by a nonresident contractor and a surety company licensed to do business in Connecticut. A power of attorney for the person signing the bond on behalf of the surety company **must** be attached to the bond, carry the corporate seal of the surety company, and bear the same date as the execution date of the bond.

A nonresident contractor has the option of filing a guarantee bond with DRS instead of the customer making a deposit with DRS under Conn. Gen. Stat. §12-430(7)(b)(i). Under this option, the nonresident contractor has 120 days from the commencement of the contract to file a guarantee bond with DRS.

If the deadline for the customer to withhold and remit a deposit to DRS is before the deadline for the nonresident contractor to post a bond, DRS will accept the earlier of the deposit or the bond. See **Special Notice 2003(20), *Legislation Affecting Contracts With Nonresident Contractors***, for more information.

A *nonresident contractor* is a contractor who does not maintain a regular place of business in this state. A *regular place of business* means any bona fide office, factory, warehouse or other space in Connecticut at which a contractor is doing business in its own name in a regular and systematic manner, and which place is continuously maintained, occupied, and used by the contractor in carrying on its business through its employees regularly in attendance to carry on such contractor's business in the contractor's own name. A regular place of business does not include a place of business for a statutory agent for service of process or a temporary office whether or not it is located at the site of construction. A regular place of business also does not include locations used by the contractor only for the duration of the contract, such as short-term leased offices, warehouses, storage facilities, or facilities that do not have full time staff with regular business hours. An office maintained, occupied, and used by a person affiliated with a contractor is not a regular place of business of the contractor.

Any bond that bears an erasure or alteration, regardless of its nature, must have the change authenticated by a notation in the margin. The notation should describe the correction and be signed in the name of the surety company by the officer who executed the bond and must bear the corporate seal of the surety company.

## Specific Instructions

**Part I:** Enter the name and complete address of the nonresident contractor furnishing the bond. Include the nonresident contractor's Connecticut tax registration number. The name and address of the nonresident contractor appearing on the bond must agree with the name and address on **Form REG-1, *Business Taxes Registration Application***, filed with the Department of Revenue Services (DRS). If the nonresident contractor is a corporation, the corporate name

appearing on the bond must be the same shown in the records of the Office of the Secretary of State, or similar agency of another state if the nonresident contractor is not a Connecticut corporation.
