ENSURING RESPONSIBLE SPENDING OF RECOVERY ACT FUNDS

Funding available under the Recovery Act has clear purposes – to stimulate the economy through measures that modernize the Nation’s infrastructure, improve energy efficiency, and expand educational opportunities and access to health care. HUD strongly urges grantees to use CDBG-R funds for hard development costs associated with infrastructure activities that provide basic services to residents or activities that promote energy efficiency and conservation through rehabilitation or retrofitting of existing buildings. While the full range of CDBG activities is available to grantees, the Department strongly suggests that grantees incorporate consideration of the public perception of the intent of the Recovery Act in identifying and selecting projects for CDBG-R funding.

A. SPREADSHEET FOR REPORTING PROPOSED CDBG-R ACTIVITIES

Grantees must provide information concerning CDBG-R assisted activities in an electronic spreadsheet provided by HUD. The information that must be reported in the spreadsheet includes activity name, activity description, CDBG-R dollar amount budgeted, eligibility category, national objective citation, additional Recovery Act funds for the activity received from other programs, and total activity budget. An electronic copy of the spreadsheet and the format is available on HUD’s recovery website at <http://www.hud.gov/recovery>.

B. CDBG-R INFORMATION BY ACTIVITY (COMPLETE FOR EACH ACTIVITY)

(1) Activity Name:

Sidewalk Reconstruction Project at Hamilton Avenue in Byram.

(2) Activity Narrative:

The Town will utilize the full CDBG-R funding of \$251,004 to support the Sidewalk Reconstruction Project at Hamilton Avenue in the Byram Area. The existing sidewalk including curbing, driveway entrances and corners at Hamilton Avenue from the entrance to Armstrong Court (including Booth Place) to St. Roch's Avenue is in poor condition. The Town is proposing to use the CDBG-R funds to completely reconstruct the sidewalk area, which is approximately 2600 linear feet. The estimated cost is about \$110/ft for a total estimated project cost of \$286,000. This proposed project maximizes economic benefits by investing the CDBG-R funds in infrastructure (sidewalk) that will provide long-term economic benefits.

(3) Jobs Created:

The proposed Sidewalk Reconstruction Project at Hamilton Avenue in Byram meets the ARRA goal of maximizing economic benefits by investing in infrastructure that will provide long-term economic benefits to the citizens of Greenwich. However, the Town will monitor and report on any full- and part-time jobs created and/or retained by this project.

(4) Additional Activity Information:

The proposed Sidewalk Reconstruction Project at Hamilton Avenue in Byram maximizes economic benefits by investing the CDBG-R funds in infrastructure (sidewalk) that will provide long-term economic benefits. The proposed project will offer the following long-term benefits:

- **Area benefit – certain parts of Byram meet the low- and moderate-income area benefit requirements as an exception grantee;**
- **Benefit to the residents of Armstrong Court, a low-income public housing complex under the State Moderate Program;**
- **Improved access to public facilities such as the Hamilton Avenue School, Byram Pool and Byram Beach; and**
- **Improved access to public transportation (Hamilton Ave. and Armstrong Court bus stop);**

In addition to the long-term benefits listed above, this proposed project will further the goal of the ARRA to promote economic recovery by providing work that will retain or preserve jobs (i.e. contractor, sub-contractor, laborers, etc.). In undertaking the proposed project, the Town will comply with the ARRA goal of promoting the use of products or manufactured goods that are produced in the United States.

(10) **Use of funds.** The jurisdiction has developed activities so as to give the maximum feasible priority to activities that will benefit low- and moderate-income families or aid in the prevention of slums or blight. Additional activities may be included that are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community where other financial resources are not available to meet such needs. 2. **Special Assessments.** The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG-R funds by assessing any amount against properties owned and occupied by persons of low- and moderate-income, including any fee charged or assessment made as a condition of obtaining access to such public improvements. However, if CDBG-R funds are used to pay the proportion of a fee or assessment attributable to the capital costs of public improvements (assisted in part with CDBG-R funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG-R funds. The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG-R funds, unless CDBG-R funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG-R funds. In addition, with respect to properties owned and occupied by moderate-income (but not low-income) families, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG-R funds if the jurisdiction certifies that it lacks CDBG-R or CDBG funds to cover the assessment.

(11) **Excessive Force.** The jurisdiction certifies that it has adopted and is enforcing: (1) a policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and (2) a policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location that is the subject of such non-violent civil rights demonstrations within its jurisdiction.

(12) **Compliance with anti-discrimination laws.** The CDBG-R grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d), the Fair Housing Act (42 U.S.C. 3601-3619), and implementing regulations.

(13) **Compliance with lead-based paint procedures.** The activities concerning lead-based paint will comply with the requirements of part 35, subparts A, B, J, K, and R of this title.

(14) **Compliance with laws.** The jurisdiction will comply with applicable laws.

(15) **Compliance with ARRA.** The jurisdiction will comply with Title XII of Division A of the American Recovery and Reinvestment Act of 2009.

(16) **Project selection.** The jurisdiction will select projects to be funded, by giving priority to projects that can award contracts based on bids within 120 days from the date the funds are made available to the recipient, and that will ensure maximum job creation and economic benefit.

(17) **Timeliness of infrastructure investments.** When the jurisdiction uses CDBG-R funds for infrastructure investments, the grantee will give preference to quick-start and finish activities, including a goal to use at least 50 percent of the funds for activities within 120 days of enactment of the Recovery Act.

(18) **Buy American provision.** The jurisdiction will ensure that all iron, steel and manufactured goods used in construction, alteration, repair, or maintenance of a public building or public work project assisted with CDBG-R funds under the Recovery Act must be produced in the United States unless the Secretary finds that: (1) the requirement is inconsistent with public interest; (2) those goods are not reasonably available or produced in sufficient quantity in the U.S.; (3) or the use of the goods will increase the project cost by more than 25 percent.

(19) **Appropriate use of funds for infrastructure investments.** The Governor, mayor, or other chief executive, as appropriate certifies, that any infrastructure investments have received the full review and vetting required by law and that the chief executive accepts responsibility that the infrastructure investment is an appropriate use of taxpayer dollars. Alternatively, a grantee's chief elected official certifies that infrastructure investments will receive the full review and vetting required by law and that the chief executive accepts responsibility that the infrastructure investment is an appropriate use of taxpayer dollars.

(20) **70% of CDBG-R for LMI.** The aggregate use of CDBG-R funds shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the grant is expended for activities that benefit such persons over the life of the CDBG-R grant.
