

Population Stabilization Training (Egg oiling)

Co-sponsored by
The Town of Greenwich Conservation
Commission and GeesePeace, Inc.

March 2007

**Greenwich Town Hall
Cone Room – second floor**

This training program is being offered to all local officials and residents in the area as part of a regional effort to coordinate Canada goose management on both public and private properties. Participants in the training program will learn the basics of egg oiling from GeesePeace officials, including how to locate nests, how to oil the eggs, and when to conduct the program. The new US Fish and Wildlife Service regulations and reporting forms will also be discussed. The Humane Society has approved the protocol used in this program. Landowners, neighborhood association members, groundskeepers, golf course superintendents, and town staff are encouraged to attend.

Please choose to attend 1 of the following 2-hour sessions:

Thursday – March 8, 2007 – 1 to 3 p.m.

Thursday – March 8, 2007 – 7 to 9 p.m.

Monday – March 19, 2007 – 1 to 3 p.m.

~~Monday – March 19, 2007 – 7 to 9 p.m. – Canceled~~

There is no fee for this program – pre-registration is required so that we can have appropriate number of handouts, etc.

To register call – 203-622-6461
