COLLECTIVE BARGAINING AGREEMENT BETWEEN  
THE TOWN OF GREENWICH  
AND  
THE SILVER SHIELD ASSOCIATION, INC.

The TOWN OF GREENWICH ("Town") and THE SILVER SHIELD ASSOCIATION, INC. ("ASSOCIATION") agree as follows:

ARTICLE I  
RECOGNITION

In accordance with Sections 7-467 to 7-477 of the Connecticut General Statutes, as amended, the Town recognizes the Association as the exclusive bargaining representative for all permanent uniformed and investigatory personnel (employee/s) with the Greenwich Police Department as specified in Appendix I.

ARTICLE II  
NOTICE

The Town shall provide copies of this Agreement for distribution to all present employees who are covered under the terms of this Agreement.

ARTICLE III  
WAGES

A. The annual wages of employees of the bargaining unit shall be payable at the appropriate rate per year as set forth in Appendix I to this agreement.

B. PAYROLL DEDUCTION

The Town shall deduct monthly, and remit to the Silver Shield Association Treasurer, the Association's dues from the earned wages of each Association member any such amount as determined by the Association in accordance with this Agreement provided that at least one (1) month's notice is given the Town of any dues change. The dues shall be uniform and not changed more than annually.

The Town shall deduct from the wages of the members and association members and remit to the Association, regular Association dues for those employees who sign authorizations permitting such action and a service fee (not to exceed Association dues) for those employees who have not joined the Association by signing said authorization. It shall be a condition of employment that each employee covered by this agreement shall provide the Town with an authorization to make said deductions. The Association shall hold the Town harmless from the implementation of this paragraph.

ARTICLE IV  
COLLECTIVE BARGAINING

- A. All collective bargaining with respect to hours of work, wages, grievance procedure, and other conditions of employment shall be conducted by authorized representatives of the Association and authorized representatives of the Town.
- B. Three members of the Association negotiating committee shall be granted leave from duty with full pay for all reasonably necessary meetings with the Town for the purpose of negotiation of the terms of a contract when such meetings take place at a time during which such members are scheduled to be on, as long as the time off does not interfere unreasonably with Town business, in which case the meeting shall be promptly rescheduled.
- C. The members of the Association grievance committee shall also be granted leave from duty with full pay for all reasonably necessary meetings concerning the processing of grievances, when such meetings are held at a time when such members are scheduled to be on duty, as long as the time off does not interfere unreasonably with Town business.
- D. Duly designated delegates and duly designated officers of the Association shall be granted leave from duty with full pay for Police Association business, provided that the total combined leave time for all individuals shall not exceed thirty-five (35) days for this purpose in a fiscal year, and as long as the time off does not interfere unreasonably with Town business.
- E. In all cases in which leave from duty is involved such leave shall be taken in accordance with Article IV only at such times as are necessary to complete the business specified under this Article.
- F. For purposes of this leave from duty with pay under Article IV there shall be no more than five (5) members or alternates on each such committee.

ARTICLE V  
HOURS AND WORK WEEK

- A. The normal workweek is 35.37 hours a week.
- B. The Town shall retain the right to schedule days off and tours of duty; except no employee shall be transferred from one regular squad assignment to another squad assignment without at least five (5) days notice prior to the date of transfer, except during an emergency as defined in Paragraph C of this Article. The penalty for non-compliance shall be payment of overtime, as required by Article VI, E, of this agreement, to the employee assigned without the notice required hereunder. Such overtime shall be paid solely for that number of days by which the notice is shorter than the five-day notice required by this Section. Whenever possible, the seniority of the employee shall be considered in making the transfer.

- C. For purposes of this Agreement, emergencies shall include only those bona fide local emergencies such as civil disorders, panics, hurricanes, tornadoes, floods, and threat to life and limb of the citizens of the Town, which are declared by the First Selectman of the Town of Greenwich, the Governor of the State, or the president of the United States and which require unusual and immediate police services. Unusual and extreme weather conditions, except as expressly set forth in this Article, shall not constitute an emergency.
- D. An employee who is called and reports to work on a day shift that begins one hour before or one and one-half hours after the employee's regularly scheduled day shift shall be paid one (1) additional hour of pay, at straight time, if notification to the employee is made less than eight (8) hours prior to the start of the scheduled day shift. An employee who is scheduled to work the night or evening shift and has his or her reporting time changed by one or more hours shall be paid one (1) additional hour of pay, at straight time, if notification to the employee is made less than four (4) hours prior to the start of the scheduled night or evening shift. An employee who receives the required eight (8) or four (4) hours notice is not entitled to receive the additional hour of pay.

ARTICLE VI  
OVERTIME

- A. All employees shall be paid at the rate of one and one-half (1 1/2) times their regular straight time hourly rate for overtime as defined in this Article VI.

All employees may be required to work overtime of a reasonable duration and under reasonable circumstances. Before ordering an employee to work overtime, the Town shall first seek volunteers in accordance with the existing procedure. If there is no volunteer available, the least senior employee on the volunteer list for the appropriate rank shall be ordered in. If the least senior employee cannot be reached, the next least senior shall be called, etc. If no employee on the volunteer list for the appropriate rank can be reached, the least senior off duty employee in the appropriate rank may be ordered in. If no off duty employee in the appropriate rank can be reached, the least senior on-duty employee in the appropriate rank may be ordered to remain. The definition of "appropriate rank" shall be determined in accordance with existing practice. An employee shall not be eligible to work overtime, blue payroll or side jobs on the tour that is immediately contiguous to the tour that the employee was absent due to sick leave or injury leave. An employee is not subject to this provision if his or her treating physician certifies that he or she is able to resume full duty.

- B. Overtime shall consist of the following:
  - 1. Hours worked beyond forty (40) hours during a forty (40) hour workweek schedule, and hours worked beyond thirty-two (32) hours in a thirty-two (32) hour workweek schedule.

2. All time worked during what would normally be off-duty hours, as directed by the Officer in charge (including the situation where an employee is called to work prior to his normal tour of duty) and in this event the employee shall be entitled to a minimum of four (4) hours pay at the overtime rate unless the time in question immediately follows a normal tour of duty, in which event there shall be no maximum overtime guaranteed.
- C. Any employee required to be in court in connection with criminal, traffic or civil proceedings connected with official duties as a police officer on a day on which he/she would otherwise be off duty shall receive an additional full day's pay at straight time regardless of the number of hours he/she is required to spend in court. When an employee is working his/her regular tour of duty and is required to be present at any of the aforementioned proceedings that go beyond the employee's normal work schedule, such additional time spent at such proceedings shall be calculated as overtime.
  - D. Overtime shall not include required attendance at disciplinary hearings in which the employee is the subject of the hearing, physical exams, voluntary service on or attendance at panels or forums, or educational classes which are not a designated part of the training program established by the Town pursuant to the provisions of Article V of this Agreement.
  - E. An employee required to work on a day other than that regularly scheduled for him/her shall be compensated for such work at one and one-half (1 1/2) times his/her regular straight time hourly rate unless he/she shall have received five (5) days prior notice of such change of schedule, except in an emergency as defined in Paragraph C of Article V of this Agreement.
  - F. Overtime work shall be offered to employees on the regular force before engaging special police officers, except under such circumstances as make it impractical to offer the work to a member of the regular force, but nothing contained in this Article shall otherwise restrict the use of special police officers.
  - G. Regular straight time hourly rates shall be computed by dividing the daily rate provided for herein by eight (8) hours. Regular straight time daily rates for purposes of computing overtime, holiday pay, and court days shall be computed by dividing the annual salary provided for herein by two hundred (200).
  - H. No overtime shall be worked except with specific authorization of the employee's superior officer and may be required in the event of emergency as defined in Paragraph C of Article V of this Agreement.
  - I. All compensation for overtime shall be paid not later than the next pay period from the date overtime was worked.

- J. All work performed by employees in addition to their regular duty tours and for the Town or any of its agencies while performing police duties shall be considered overtime unless the Association waives that designation in a particular instance for cause.
- K. Employees assigned to the Detective, Youth and Marine Divisions shall receive as standby pay the amount of ten dollars (\$10.00). Said standby pay shall be paid only to those employees assigned to the Detective, Youth and Marine Divisions who work the third shift in those units. The employee assigned by the Chief of the Department as the Communication/Computer Technician shall be required to be on stand-by on each workday and shall receive the ten-dollar (\$10.00) standby payment for each workday on standby. Said pay and procedures shall be in accordance with past practice. Standby pay shall not be paid if the employee is called back to duty on an overtime basis. To be eligible to receive standby pay, the employee must be reachable by the department and available to report for duty for four (4) consecutive hours following the end of their tour of duty.
- L. 1. The Town may grant to an employee compensatory time in lieu of cash overtime as permitted by the Fair Labor Standards Act Title 29 United States Code, Chapter 8, and Section 207(o). The Police Chief shall have the option to offer compensatory time in lieu of cash overtime to an employee for working overtime as overtime is defined in paragraph B in this Article. The employee may refuse the offer of compensatory time and receive cash payment for the overtime worked as otherwise provided for in this Article. Compensatory time shall be credited to the employee in the same manner as cash overtime (on a time and one-half basis).
2. An employee may make a request to be excused from duty charged against accrued compensatory time in the same manner as requests are made for annual vacation and single vacation days; however the two-day vacation limit that applies for single vacation day requests shall not apply. The approval of requests to be excused from duty charged against accrued compensatory time is subject to the manpower and operational requirements of the Department.
3. An employee may accrue a maximum of three hundred eighty (380) hours of compensatory time. The Chief of the Department may direct an employee who has accrued greater than three hundred thirty (330) compensatory hours to be excused from duty charged against accrued compensatory time for all or a portion of the hours accrued above the three hundred thirty (330) hours. The employee shall be provided with a minimum of ten (10) days written notice that s/he is being excused from duty.
4. The Chief of the Department may place an employee who has filed an application for retirement on paid leave charged against compensatory time to reduce or exhaust the employee's accrued compensatory time. However, an employee who has accrued 150 or more hours in compensatory time and is considering retirement shall provide the Chief of the Department with sixty (60) calendar days notice of his/her date of retirement. An employee shall be paid for all accrued compensatory time upon separation from

employment with the Town and in the event of death to the employee's estate. Payment of compensatory time is non pensionable. In the event the Chief places the employee on paid compensatory leave, the employee shall continue to receive any shift differential that s/he was receiving at the commencement of such paid leave for the duration of such paid leave.

5. An employee who has in excess of the three hundred eighty (380) hours as of October 25, 2004 is grandfathered and not subject to the terms of paragraph 3.

M. The practice of permitting employees to exchange tours of duty shall continue, subject to the rules and procedures regulating such exchanges as may be issued by the Chief of the Department. In no event shall such exchange in duty result in the employee earning or being paid for overtime for working the other employee's tour of duty. The Association shall indemnify and hold the Town harmless against any and all claims, including attorneys' fees and court costs, that may be made by employees under state or federal statutes for overtime payment resulting from the exchange of tours of duty.

N. 1. A police officer recruit who is assigned to an in-residence training academy during his or her eighteen (18) month probationary period shall, in lieu of the terms of Article V of the collective bargaining agreement, have a regular workweek of Monday through Friday. The workday shall consist of the number of hours required to attend training mandated by the training academy. Notwithstanding the terms of Article VI of the collective bargaining agreement, a police officer recruit shall not be eligible for overtime for attending training Monday through Friday including evening training. For scheduled training on Saturday and Sunday a police officer recruit shall earn compensatory time at the time and one-half rate for each hour of training.

2. A police officer recruit while assigned to a commuter academy during his or her eighteen (18) month probationary period shall, in lieu of the terms of Article V of the collective bargaining agreement, have a regular workweek of Monday through Friday. The workday shall consist of the number of hours required to attend training mandated by the training academy beginning from the time when the police officer recruit goes on duty until such time the police officer recruit is relieved from duty. Notwithstanding the terms of Article VI of the collective bargaining agreement, in instances during the regular workweek Monday through Friday when a police officer recruit is called back to the academy after initially being relieved from duty, s/he shall earn compensatory time at the time and one half rate for each hour of required training. For scheduled training on Saturday and Sunday a police officer recruit shall earn compensatory time at the time and one-half rate for each hour of required training. The four (4) hour minimum of Article VI (B) (2) shall apply to all callbacks relating to commuter academy.

ARTICLE VII  
HOLIDAYS

- A. Each employee shall receive twelve (12) days holiday pay in lieu of time off on holidays. For purposes of this Agreement the holidays are: New Year's Day, Martin Luther King Day, Lincoln's Birthday, Washington's Birthday, Good Friday, Memorial Day, July 4th, Labor Day, Columbus Day, Veteran's Day, Thanksgiving Day, and Christmas.
- B. An employee who works a minimum of four (4) hours of overtime on a "premium Holiday" shall receive compensatory time at eight (8) hours straight time in addition to the overtime. The "premium holidays" shall be: New Year's Day, Easter Sunday, July 4<sup>th</sup>, Thanksgiving Day and Christmas Day. This provision does not apply to blue payroll.
- C. The holiday payment provided in paragraph A of this Article shall be paid in two equal installments: six (6) days paid on the first Friday in June and six (6) days paid on the first Friday in December. These payments shall be paid in a separate payroll check from the regular bi-weekly payroll.

ARTICLE VIII  
WORKING OUT OF CLASSIFICATION

- A. Whenever an employee is required to work in an acting capacity in a higher salaried classification than his regular classification as designated by the Chief or his representative (e.g., Acting Sergeant, Lieutenant, Probationary Detective, or Juvenile Officer), such employee shall receive the difference between his regular pay and the next higher pay step in the scale for the next higher classification above his own. For the purpose of this provision no employee shall be deemed to be in an acting capacity when he shall have worked less than four (4) hours in the capacity. The employee shall be paid pro rata for each four (4) hours or more in the acting capacity. No employee shall receive more pay than that of the next higher rank.
- B. An employee in a non-supervisory classification may be assigned for training purposes, as a Youth Officer, Detective or Court Technician (trained employee) for a period not to exceed ninety (90) calendar days without the additional compensation provided above in Article VIII (A), if all of the following conditions are present: (i) the employee has no prior experience in the higher salaried classification; (ii) the assignment is not to be used to otherwise avoid the department's decision to hire on overtime; (iii) the assignment is not to be considered by the Department in meeting its daily staffing requirements; and, (iv) the assignment shall not be used to avoid filling vacant budgeted positions. In the event any one of these conditions are not present during the period while the employee is so assigned, the employee shall receive out of class pay for such tour or part thereof. If said employee is assigned as a court technician, either during or after the training period, he or she shall receive out of class pay for the entire tour. Employees assigned to any of

the positions set forth in this paragraph shall have preference for overtime in such assignment over a “trained employee”.

ARTICLE IX  
SICK LEAVE

- A. An employee shall earn sick leave at the rate of one (1) day per month for each year of continuous service through completion of the ninth (9th) year of service and one and one half (1 1/2) per month for each year of service commencing with the beginning of the tenth (10th) year of service. Sick leave may be accumulated to a maximum of one hundred and eighty (180) days.
- B. At the time of retirement or death under the provisions of this agreement, an employee, his/her heir or estate, shall be paid at the rate of their last position for accumulated sick leave according to the following schedule:

<u>Accumulated Sick Leave</u>	<u>Percentage Paid</u>
0 – 40 days	0%
41 – 90 days	25%
91 – 135 days	35%
136 – 180 days	40%

An employee hired on or before July 1, 1996 shall continue to receive fifty percent of his/her accumulated sick leave, provided that in no event that s/he be paid for more than ninety (90) sick leave days.

- C. Sick leave shall not be considered as a privilege an employee may use at his discretion, but shall be allowed only in case of (i) the employee's personal illness or physical incapacity resulting from non-occupational causes beyond his control, or (ii) the illness of a member of the employee's immediate family (defined as spouse, child, stepchild, parent, stepparent, brother, sister, grandparent, grandchild, parent-in-law or any relation domiciled with an employee as a member of his family who is listed as a dependent for income tax purposes) that requires the employee's personal care and attention.
- D. Accumulated sick leave will remain to the credit of an employee for a period of three (3) years after leaving the service of the Town, and will be reinstated if he returns to service within that period of time.
- E. In the event that an employee is entitled to sick leave pursuant to this Article, but does not have earned sick leave available, the employee may borrow from his accrued, unused vacation leave as of the time sick leave was taken. The vacation leave so used may subsequently be repaid by subsequent sick leave earned at the applicable rate.

- F. An employee taking sick leave shall inform his immediate superior, and failure to do so within a reasonable time will be cause for denial of sick leave with pay for the period of absence.
- G. Each new employee shall be given an advance credit of twenty (20) days accumulated sick leave which can be used in the same manner as regularly accumulated sick leave and which shall be repaid as soon as possible out of regularly earned sick leave. Should an employee use any or all of his advance credit of twenty (20) days and then leave employment of the Town without having repaid the days used, the Town shall recover the value of the days from the employee. No payment under Section B of this Article shall be made for the advance credit of twenty (20) days.
- H. No sick leave will be granted if it is possible for the employee to carry out light duty assignments that are assigned to him by the Chief.

ARTICLE X  
INJURY LEAVE

- A. Each employee shall be entitled to injury leave as a result of a service connected injury or illness which is covered under the Connecticut Workers' Compensation Act. Said employee shall be entitled to his/her normal pay for the number of days absent until the employee has recovered sufficiently to return to duty or has retired on a disability or regular pension.

An injured employee will be entitled to this supplemental pay for up to eighteen (18) months; provided, however, that if the employee's treating physician certifies to the Town that is likely the employee will be able to return to work within an additional six-month period, then the pay supplement shall be extended to the date of the employee's return, but not more than six (6) additional months. Upon completion of the period of supplemental pay, the injured employee shall be entitled to whatever benefits are mandated by the Workers' Compensation Act.

By placing an employee on injury leave the Town does not waive any rights it may have under the Connecticut Workers' Compensation Act.

- B. In the event that an officer is injured in the performance of his or her duty as a Police Officer and is capable of performing a light duty assignment as determined by the officer's physician, such light duty assignment shall be within the Department, should the work be available as determined by the Chief of Police. If no work is available within the Department, the Department of Human Resources shall find suitable work within Town Government.
- C. The Town may assign an employee on injury leave to duties other than his regular duties during the period of any injury leave.

- D. A complete report of each accident shall be made to the employee's immediate supervisor as soon as practical after it occurs.

ARTICLE XI  
PERSONAL LEAVE

- A. Each employee shall have the right to request and obtain one (1) day of paid personal leave in each contract year. Requests shall be made in authorized form for bona fide purposes (including without limitation, business or personal obligations which cannot be resolved outside regular working hours, religious holidays, and other good causes) and shall be granted in the discretion of the Town where in its opinion the operating efficiency of the department will not be adversely affected.
- B. If an employee requests a personal leave day in writing and such request is denied due to the adverse effect upon the operating efficiency of the department and the employee is unable to take it before the end of the fiscal year, then that employee shall receive one extra day's pay in July of the next fiscal year.

ARTICLE XII  
HEALTH APPOINTMENTS

Employees shall be entitled to reasonable time off with pay for necessary medical and dental appointments which cannot, with reasonable practicality, be scheduled outside of the normal workday. Except in the case of emergencies, the employee shall, in writing, inform the Chief of the time and day, at least five (5) days prior to such appointments. In the case of emergencies, the employee shall inform the Chief as soon as the appointment is made or completed, whichever is more medically practical. The scheduling of such time off shall be subject to the reasonable needs of the Town.

ARTICLE XIII  
VACATIONS

- A. The Town shall grant vacation leave with pay to all full time employees after employment for at least six (6) months. No vacation leave shall be granted during the first six (6) months of service but upon completion thereof, vacation leave shall be allowed for the time served during such period. If an employee leaves the service of the Town, he or his estate shall be compensated at his regular rate for any portion of unused vacation leave to his credit at the time of separation, and for this purpose only, credit for unused vacation leave shall be computed on a monthly basis.
- B. Annual vacations with pay shall be as follows:

Zero (0) through the completion of six (6) months of service - five (5) working days (to be deducted, if taken, from the ten (10) working days due after completion of one (1) year);

Zero (0) to completion of one (1) year of continuous service - ten (10) working days (subject to the deduction of the five (5) working days, if taken, as above);

Commencement of second year of continuous service to completion of fourth year of continuous service - ten (10) working days;

Commencement of fifth year of continuous service to completion of ninth year of continuous service - fifteen (15) working days;

Commencement of tenth year of continuous service to completion of nineteenth year of continuous service - twenty (20) working days;

Commencement of twentieth year of continuous service to completion of such year of continuous service - twenty-one (21) working days;

Commencement of twenty-first year of continuous service to completion of such year of continuous service - twenty-two (22) working days;

Commencement of twenty-second year of continuous service to completion of such year of continuous service - twenty-three (23) working days;

Commencement of twenty-third year of continuous service to completion of such year of continuous service - twenty-four (24) working days;

Commencement of twenty-fourth year of continuous service and thereafter - twenty five (25) working days.

- C. The Chief of the Police Department shall schedule the vacation period in accordance with the requirements of the department. In case of a conflict as to scheduling, seniority shall govern the right of preference.
- D. If as the result of an emergency the Chief cannot permit an employee to take his annual vacation leave during a particular year, or if an employee agrees to waive his rights to vacation during a particular year at the request of the Chief, the Chief shall permit such employee to take part or all of the earned vacation leave during the following year without regard to any limitations regarding carry-over of vacation days, vacation days to be taken at a consecutive interval, or total vacation days to be taken during any year. Any such permission shall be in writing and given to the Personnel Officer and the employee at the same time the determination to request the work is made.
- E. Employees shall also be entitled to carry unused vacation leave from one year to the next, but in no event may an employee carry forward more than twenty-five (25) working days of unused vacation leave. An employee shall not be entitled to take more than thirty (30) working days of vacation at a consecutive interval or more than thirty (30) days during any year. Vacation days not used during any current year and not entitled to be carried forward to the next year shall be lost only at the end of the current year, and anticipated

loss under this provision shall not entitle an employee to any special consideration in the scheduling of his vacation leave. Subject to the requirements of reasonable scheduling to meet the needs of the department and the Town, an employee shall be entitled to take any portion of his vacation time in non-consecutive segments of one (1) day, provided the employee requests the segment in writing not less than five (5) days and not more than thirty (30) days prior to the date of the segment. Provided however, an employee shall be entitled to carry forward any unused vacation leave up to an additional one (1) year's vacation leave to which the employee is entitled which was not taken due to extended illness or injury, with the approval of the Chief of Police.

#### ARTICLE XIV INSURANCE

A. The Town shall provide for each employee and his enrolled dependents the following insurance:

1. Employees have the option to participate in the Point of Service (POS) medical plan or one of the offered Health Net medical plans. The Town shall pay ninety-three percent (93%) of the cost of the premium or premium equivalent of such plans. Effective July 1, 2009 the Town shall pay ninety-one and one-half percent (91.5%) of the cost of the premium or premium equivalent of the Point of Service (POS) medical plan. The employee shall pay the balance of the premium or premium equivalent by payroll deduction on a pre-tax basis pursuant to Section 125 of the Internal Revenue Code (premium conversion option). A summary of the plan benefits of the POS medical plan is annexed hereto as Appendix IV.
2. Effective January 1, 2005 employees may elect to participate in the PPO medical plan (summary of plan benefits is annexed hereto as Appendix III) and shall be required to pay an amount that is the difference between ninety-three (93%) percent of the POS medical plan premium or premium equivalent and the premium or premium equivalent of the PPO medical plan by payroll deduction on a pre-tax basis pursuant to Section 125 of the Internal Revenue Code (premium conversion option). Effective July 1, 2009, the Town shall pay eight-five percent (85%) of the cost of the premium or premium equivalent of the PPO medical plan and the employee shall pay the balance of the premium or premium equivalent.
3. Effective January 1, 2009, employees may elect to participate in the Town's High Deductible Health Savings Account (HSA). The Town shall pay ninety-three percent (93%) of the cost of the premium or premium equivalent and the employee shall pay the balance of the premium or the premium equivalent. The Town shall make an annual contribution to the employee's Health Savings Account in the amount of \$1,000 for single coverage and \$2,000 for couple or family coverage. Upon initial enrollment in the HSA, the Town shall pay 100% of the annual contribution in January. In subsequent years the Town shall make 50% of the annual contribution in January and 50% of the annual contribution in July for each year that the employee remains enrolled in the HSA.

4. Employees who elect medical coverage, except those electing the Health Savings Account (HSA) coverage, shall be enrolled in the prescription drug plan. A summary of the prescription drug plan benefits is annexed hereto as Appendix V. The Town shall pay ninety-three (93%) percent of the cost of the premium or premium equivalent of such plan and the employee shall pay the balance of the premium or premium equivalent by payroll deduction on a pre-tax basis pursuant to Section 125 of the Internal Revenue Code (premium conversion option).
  5. A term life policy with a basic life benefit equal to one times the employee's base salary rounded to the nearest thousand with an accidental death or dismemberment rider in an amount equal to the basic life benefit, which policy shall continue on the life of the employee for five (5) years after retirement.
  6. The employee may buy from the Town's insurer an additional term life benefit in an amount equal to the employee's basic life benefit at the actual prevailing rate charged the Town.
- B. The Town reserves the right to change the method of administering and insuring its benefit plan and to unilaterally select the insurance agent and/or insurance carrier(s) for such plan administration. However, prior to actual implementation, any such change in the method of insuring, or in the insurance carrier, or in the agent performing plan administration services, shall first be communicated to the Association, which shall have the opportunity to review the proposed benefit plan and to raise questions regarding pre-existing conditions or other valid concerns. At least fifteen (15) days shall be allowed for comments and/or questions. There shall be no break in service or coverage. Prior to distribution to members, any plan document(s) shall be submitted to the Association for review. Once a change is implemented, in the event that a disagreement between the parties arises over such change as it relates to differences over the level of benefits, the issue(s) may be submitted to mutually agreed upon arbitrator(s), the cost of which shall be shared equally by the parties. If the parties cannot agree on an arbitrator, selection shall be made by having each party select an arbitrator and having said arbitrators select a neutral.
- C. An employee who retires and meets one or more of the following conditions shall be allowed to continue to be enrolled in the Town's group medical and prescription drug plans except the High Deductible Health Savings Account plan.
1. For an employee who retires on or after July 1, 1999 with twenty (20) or more years of credited service in the retirement system the cost of the above coverage will be twenty-five percent (25%) of the Town's premium cost for the coverage in which the retiree enrolls.
  2. For an employee who is awarded an accidental disability retirement allowance by the Retirement Board on or after the execution of this agreement, the Town shall pay the following percentage of the premium cost of coverage for which the

Upon the

effective date of such an election, the employee shall cease to be an active member of the Retirement System, and his or her retirement allowance shall be determined as of such effective date (e.g., his or her final compensation, as defined in Section (C) above, shall be frozen as of the effective date and the terms of the Collective Bargaining Agreement in effect as of such date shall govern the retirement allowance that he or she will receive upon his or her retirement).

If an employee electing this alternative is employed beyond the seventh anniversary of the date on which he or she reached the maximum retirement allowance, the employee's active participation in the 401(a) Plan shall cease and there shall be no further contributions (employee or Town) made to the 401(a) Plan on his or her behalf.

These and other terms and conditions of the 401(a) Plan shall be set forth in a separate plan document which shall provide for the employee to self-direct his or her account, and which the parties intend to be a qualified pension plan under the Code.

- 4. An employee who has already reached the maximum retirement allowance as of the effective date of this provision, shall receive the additional accrual under the Retirement System described in paragraph (2) above for full years of credited service, up to a maximum of seven (7), between the date he or she reached the maximum retirement allowance and the effective date of this provision. For purposes of death benefits payable under Section 194 of the Charter for Police officers who retire under the provisions of this paragraph, the police officers will be assumed to be retired from the date of termination rather than the date benefit payments commence.

If the Association fails to meet or present the grievance in accordance with the time limitations of this Article, the grievance shall be deemed waived and there shall be no right to arbitration.

- C. A day in this Article shall not mean Saturdays, Sundays or holidays observed by the Town. The parties at each step of Section A may, by mutual agreement, extend the time limitations of the Step.

ARTICLE XXIV  
BILL OF RIGHTS

Members of the Department hold a unique status as law enforcement officers in that the nature of their office and employment involves the exercise of the police power of the Town and the security of the community depends to a great extent on the manner in which the officers perform their duty. Their employment is in the nature of a public trust. It is also recognized that officers have certain rights under the State and Federal Constitutions, pursuant to the current decisions of the U.S. Supreme Court, and in accordance with this Agreement. In accordance therewith, the Town and the Association have established the following procedures with respect to investigations and discipline. A member who has successfully completed the probationary period shall not be disciplined except for just cause. It is understood that these procedures shall not apply in instances where the officer is the subject of a criminal investigation. In such an instance, the officer who is the subject of the criminal investigation shall be given all rights pursuant to the current provisions of law and decisions of the U.S. Supreme Court.

A. Investigatory Procedures

Whenever a law enforcement officer is under investigation and subject to interview by the Department for any reason which could lead to disciplinary action, including demotion or dismissal, the investigation and interview shall be conducted in accordance with the following:

1. The interview shall be conducted at a reasonable hour, preferably at a time when the officer is on duty unless the seriousness of the investigation is of such a degree that an immediate interview is required.
2. The interview shall take place at Police Headquarters or at some other location having a reasonable relationship to the incident being investigated.
3. The officer under investigation shall be informed of the name and rank of the officer in charge of the investigation and of all persons present during the interview.

4. The officer shall be informed of the nature of the investigation, in writing and prior to any interview. Sufficient information will be provided for the officer to be reasonably appraised of the allegations involved.
5. Interviews shall be for reasonable periods and shall be timed to allow for such personal necessities and rest periods as are reasonably necessary.
6. Questions shall be asked one at a time and the officer will not be threatened with transfer, dismissal or disciplinary action. This shall not be construed to prohibit advising the officer that refusal to answer proper questions as specified in A.7 may subject him to additional charges and discipline.
7. All officers are obliged to cooperate in an investigation and are required to answer any questions concerning their conduct as it relates to their employment except any questions which violate their constitutional rights.
8. At the request of the officer under investigation, the officer shall be given an opportunity to consult with counsel and/or a representative of the Silver Shield Association prior to any interview. At the request of the officer, said counsel and/or Association representative may be present during the interview.
9. All officers shall have the right to review the contents of their personnel file on reasonable notice. No material of an adverse nature shall be placed in said file without the officer being provided with a copy of such material. Copies of any disciplinary actions shall likewise be copied to the Association. Derogatory material other than discipline, including written reprimands shall be expunged every thirty-six (36) months from said personnel records where permitted by the laws of the State of Connecticut.

B. Disciplinary Procedures

If the investigation or interview of an officer results in a recommendation for disciplinary action, including demotion or dismissal, the following procedures shall be followed. It is understood that these procedures shall not apply in instances which result in oral or written reprimands and officers who are so reprimanded shall have the right to grieve such action in accordance with Article XXIII.

1. The officer who is the subject of disciplinary action shall be given an opportunity to have a Loudermill hearing with the Chief of Police or his designee, prior to any discipline being imposed. The officer shall be advised, in writing prior to such Loudermill hearing, of the nature of the charges against him/her and the disciplinary action being recommended. Such notice shall specify the date and time of the meeting which shall provide the officer with at least two (2) weeks to exercise his rights under this Article.

2. At the Loudermill hearing with the Chief or his designee, the officer will be given the opportunity to rebut the charges against him/her and the officer may be represented by counsel and/or a representative of the Association.
3. Within seven (7) calendar days of the Loudermill hearing with the Chief or his designee, the officer shall be given written notice of the disciplinary action the Chief intends to impose. The officer may appeal the determination of the Chief by filing a written notice of appeal within seven (7) calendar days to the First Selectman pursuant to Article XXIII, step 2. If said discipline is a suspension without pay of fifteen (15) working days or less, said discipline shall take effect as indicated in the notice from the Chief. If said discipline is in excess of a fifteen (15) working day suspension without pay, and the officer files a written appeal to the First Selectman as provided above, the discipline shall not be imposed until the First Selectman has rendered a determination pursuant to Article XXIII, step 2.
4. The officer may appeal the determination of the First Selectman pursuant to Article XXIII, Step 3.

ARTICLE XXV

4. At least 180 days prior to implementation of civilian dispatching, the Town and the Union will meet to discuss implementation and impact issues concerning same. - F. Promotion Examinations: Promotional examinations for the position of Sergeant and Lieutenant shall be administered by the Town as may be required to maintain a current eligibility list for each position. The Town shall post the job announcement for these positions for a two-week period following Labor Day. The announcement shall include a time frame for the written examination which shall be prior to the Thanksgiving Holiday and a time frame for the oral examination which shall be during the month of February. An eligibility list shall be established within thirty (30) days from the completion of the examination process. Promotional eligibility lists shall be for a two-year period.

ARTICLE XXVI  
EFFECTIVE DATE AND LENGTH OF CONTRACT

- A. If the Representative Town Meeting shall approve the request pertaining to this agreement which is submitted to it pursuant to Section 7-474(b) of the Connecticut General Statutes, then this Agreement shall be effective in all respects on the date of such approval or on July 1, 2008 whichever is later, and shall continue until June 30, 2010.
- B. If the Representative Town Meeting shall reject the request pertaining to this Agreement which is submitted to it pursuant to Section 7-474(b) of the Connecticut General Statutes, then this Agreement shall not be effective and the parties shall bargain further.

If this Agreement is approved after July 1, 2008, each employee who is an employee of the Town or who has retired from the employment of the Town after July 1, 2008, shall receive retroactive pay based on the appropriate rate as set forth in this Agreement for the period after July 1, 2008, which each such employee worked. Each employee who resigned or was terminated prior to the effective date of this Agreement shall receive no retroactive pay.

- E. During negotiation to develop any successor agreement, each party shall provide the other, upon reasonable request and to the extent available, with any non-privileged information necessary to negotiations. Neither party shall be required to develop any information not in its possession. The requesting party may be charged a reasonable amount for the expense of extracting or reproducing the requested information.

ARTICLE XXVII  
PROBATION

There shall be a probationary period of eighteen (18) months from the date of hiring for all police officers. Any probationary employee may be discharged at any time within his probationary period and no such discharge shall be grounds for a grievance or other proceedings unless based upon discrimination against the employee. A probationary employee may request that an Association representative be present at a meeting with a supervisory officer at which the probationary employee is being subject to discipline. This right of representation does not alter the at-will status of the probationary employee.

ARTICLE XXVIII  
PAST PRACTICES CLAUSE

The Police Manual of the Town of Greenwich and the Retirement System and the Police Pension Fund of the Town of Greenwich shall govern for all matters not contained in this Agreement. All benefits and obligations which are not described in this Agreement or in either the manual or plan and which are now enjoyed by or required of the employees are specifically included in this Agreement by reference just as though each such benefit or obligation was specifically set forth.

For the purpose of seniority, continuous service shall not be reduced or broken by any paid leave or by unpaid leave of up to thirty (30) days.

In the case of an unpaid leave of more than thirty (30) days, including but not limited to leave under the Family and Medical Leave Act, seniority shall not accrue but shall be bridged in the case of an approved leave of up to one year.

## APPENDIX II

### SUBSTANCE ABUSE TESTING

#### SCREENING

The administration of screening tests to detect the presence of drugs or alcohol in members of the Department will be performed upon reasonable suspicion that a member is using or is under the influence of illegal drugs, is abusing legal drugs or alcohol, or is reporting for duty under the influence of drugs or alcohol.

#### TESTING BASED UPON REASONABLE SUSPICION

A member of the Department may be required to undergo testing based on "reasonable suspicion" when objective facts and observations are brought to the attention of a superior officer and, based upon the reliability and weight of such information, the superior officer can reasonably infer or suspect that the member is using illegal drugs, is abusing legal drugs or alcohol, or is reporting for duty under the influence of drugs or alcohol. Reasonable suspicion must be supported by specific articulable facts which may include, but are not limited to: reports and observations of the member's drug related activities, such as purchase, sale or possession of drugs, associations with known drug dealers or users, observations of the member at known drug or drug related locations; an otherwise unexplained change in the member's behavior or work performance; an observed impairment of the member's ability to perform his or her duties.

A superior officer shall report the basis for his/her reasonable suspicion to the Chief of Police or his/her designee. The Chief shall decide whether to direct the member to submit to testing. Prior to so deciding, the Chief or his/her designee may meet with the member. If such a meeting is held, the member may request Union representation. However, the meeting shall not be delayed for the purpose of having a representative of the member's choice.

If the employee is ordered to submit to a drug and/or alcohol test, the employee shall be given a brief verbal statement of the basis for reasonable suspicion. A verbal directive to submit to a drug and/or alcohol test shall be confirmed in writing, but the testing shall not be delayed pending issuance of such written directive.

#### REFUSAL TO SUBMIT

The refusal by a member of the Department to submit to a drug or alcohol screening test pursuant to these provisions will result in the member's immediate suspension without pay and subsequent disciplinary action which may include dismissal from the Department.

#### TESTING PROCEDURES

1. The member shall provide a urine sample for purposes of testing for drugs or controlled substances other than alcohol. The employee shall provide a sufficient amount of the

sample to allow for initial screening, a confirmatory test, and for later testing if requested by the employee.

If the employee is ordered to submit to testing for alcohol, the employee shall submit to a breathalyzer test to be administered by an agent designated by the Chief. If the breathalyzer tests positive for the presence of alcohol, the employee shall provide a blood sample for the confirmatory test.

2. Initial drug screening will be done by Enzyme Multiple Immunoassay Testing (EMIT). No sample will be further tested upon a negative screening for controlled substances, including marijuana. After the negative screening, the second sample will be destroyed.
3. Each member of the Department being tested on the basis of reasonable suspicion may consult with and be accompanied by a representative of the Union. The Union representative may confer with and advise the member before and after the testing process, but shall not participate in the process in any way, except as an observer. The testing process will not be delayed because the Union representative is unable to be present.
4. During the testing process, the member shall cooperate with requests for information concerning use of medications, and with other requirements of the testing process such as acknowledgment of giving of a urine or blood specimen.
5. The integrity of the testing process will be maintained with the utmost consideration for the privacy of the person being tested. Only one person, of the same sex as the person being tested, may be present during the collection of a urine specimen. If the necessary precautions to ensure legitimacy of the sample can be arranged without undue cost, an observer will not be required.
6. Prior to testing for drugs, two separate containers, supplied by the laboratory conducting the testing, shall be prepared for each member being tested. Each container shall have affixed a code number and the date of collection. The code numbers shall be recorded, together with the member's name and signature. Two (2) specimens will be taken at the time of collection and shall be sealed in the presence of the member being tested.
7. The officer or laboratory supervising the test shall ensure that the appropriate chain of custody is maintained in order to verify the identity of each sample being tested.
8. Each and every positive EMIT test will be confirmed using a Gas Chromatography - Mass Spectrometry test. Only if confirmed will a test result in a positive report.
9. Drug testing or blood alcohol testing will be performed by a laboratory licensed or certified by the Connecticut Department of Health Services.
10. Any member whose drug or alcohol test results in a positive report may, within ten (10) days of receiving notification of such result, request in writing to the Chief of Police that

the second sample be made available for retesting at a licensed or certified laboratory of the member's choosing. . The laboratories shall be responsible for following the best practice in maintaining and documenting the chain of custody of the sample. This second testing shall be at the expense of the member.

### RESULTS OF DRUG SCREENING TESTS

Members of the Department will be notified of the results of all screening tests at the earliest appropriate time (to be determined by particular facts and circumstances). Those test results which do not indicate the presence of a drug or alcohol will be sealed and there will be no indication of testing in the member's personnel file.

### POSITIVE TEST RESULTS

Any test resulting in a positive report will be referred to the Police Chief for a complete investigation. Upon completion of such investigation, if it is found that a member has used any drug which has not been legally prescribed and/or dispensed, or has abused a legally prescribed drug or has reported for duty under the influence of drugs or alcohol, a report of such shall be prepared.

Upon service, the member against whom such report has been made shall receive a copy of the laboratory test results, and will be immediately suspended from duty without pay, and shall be subject to disciplinary action which may include discharge, except as provided in the section below concerning rehabilitation.

### OPPORTUNITY FOR REHABILITATION

The opportunity for rehabilitation (rather than discipline) shall be granted once for any officer who is not involved in any drug/alcohol related criminal activity and voluntarily admits to alcohol or drug abuse prior to testing.

Any member who voluntarily admits to the Chief of Police his/her use of or dependence upon illegal drugs or alcohol shall be afforded the opportunity to participate in a mutually acceptable rehabilitation program. The first time a member tests positive for drugs or alcohol, he/she shall have the same opportunity for rehabilitation as does a member who voluntarily seeks rehabilitation. The opportunity for rehabilitation will only be provided prior to any allegation or impropriety by the public or another member or prior to initiation of an investigation of the member's use or sale of a controlled substance by any competent state or federal authority.

The member shall use accumulated sick or vacation leave for the period of absence for the purpose of obtaining treatment. All treatment will be at the sole expense of the member, to the extent not covered by the member's health benefits plan.

As part of any rehabilitation portion, the member may be required to undergo periodic screening for drugs or alcohol. If, after screening the member has tested positive, he will be immediately suspended and will be subject to discharge.

## ADMINISTRATIVE PROVISIONS

1. Time spent by an employee undergoing tests as provided in Sections 2 and 3 herein shall be compensated pursuant to the terms of the collective bargaining agreement.
2. Any alteration, switching, substituting or tampering with a sample or test given under this Agreement by any employee shall be grounds for immediate suspension without pay and subsequent disciplinary action which may include dismissal from the Department.
3. Any violation of the confidentiality provisions of this Agreement, if committed by an employee of the Town, shall be grounds for disciplinary action against the employee. The Town will also take appropriate action against a person and/or organization not employed by the Town for violation of the confidentiality requirements.
4. Notwithstanding anything to the contrary above, this Agreement shall not abrogate nor in any way interfere with the Town's right to hire employees, promote employees, lay off employees, appoint and evaluate employees, to select probationary employees for permanent appointment or to act pursuant to law. Furthermore, this Agreement and procedure shall not in any way affect, interfere with or have any bearing on matters within the jurisdiction of the Police Commission.
5. The Town and the Union agree that the provisions of this Agreement and its application may be considered by the parties' representatives who may recommend, if appropriate, amendments to this Appendix.
6. Separability – If any clause or provision of this Appendix or any addition thereto is decided by a court or administrative agency of competent jurisdiction to be in violation of any federal, state or local law, the remaining clauses and provisions of this Appendix shall remain in full force and effect.
7. Disputes concerning the interpretation or application of this Appendix shall be subject to the contractual grievance procedure, except for disciplinary matters.
