- 👉 Knowledge of the disease process

Long Tradition of Community Service

“I would like to pay a tribute to one of the finest institutions not only in Greenwich but I understand in the state, the Nathaniel Witherell. During my father's stay he received the finest care possible. Unless we are faced with the problem, we do not realize how fortunate we are to have such an institution in Greenwich.” - Edmond Toony

“The entire staff at Witherell should be congratulated on the fine manner in which they take care of the residents. For a resident of the Witherell, it was a wonderful place for her to be and I am grateful for the attention and courtesies she received.” -Dorothy Finne

Rekha Marshall

Testimonials

"Placing my mother in a nursing home, especially on a dementia floor, was the hardest thing in my life that I ever had to do! I practically lived at Nathaniel Witherell in the beginning. One of the most disturbing parts was to leave her with strangers, it was like leaving one of my children, as a baby, with people neither of us knew. But very quickly these strangers became friends, my support and people that I enjoyed and wanted to be with. Everyone has helped to make this unexpected journey a lot easier to live with." - Judy Bike

" I think of Nathaniel Witherell as a service organization and when it comes to service the thing in my mind that counts the most is the staff. My mother has been here for a year and a half. I can honestly say I've met the entire professional staff. I find the professional staff to be very interested in helping, very quick to recognize changes which warrant addressing and are most helpful. I have found the aides to be likewise, most interested in helping, concerned about the resident, warm and most caring." - Steven Switzer

On occasion residents have benefited from our rehabilitation services. We were pleased to empower them to enjoy a lesser level of care in the community before requiring skilled long term nursing care: “To the returning resident the lights of freshness and optimism are shining on the third floor. There is much reason to rejoice.” - Resident's spouse
