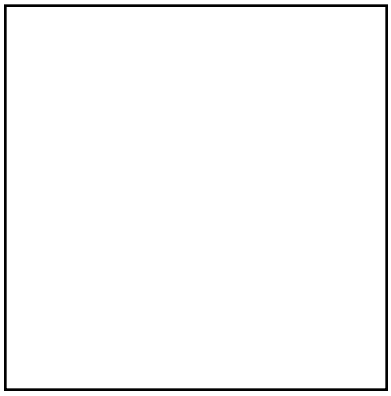
Who is Randy Perry?



Few people are interesting when talking about themselves, and I have never considered myself the exception. However, unless you know a little more about me you won't know enough to make an informed choice on Tuesday, June 11th, Election Day.

My wife, Kathleen, and I moved to Maine 12 years ago and to Cousins Island in 1992 when we purchased a 100 year old summer cottage on Cousins Island. Over the past 10 years we have challenged ourselves with extensive renovations, while maintaining the original charm, history and character of the house that Captain John Drinkwater built.

For the past 3 years I have served Yarmouth as your Town Councilor, and last year the Council elected me as your Council Chair. During that time I have always done my best to research each item brought before the Council, have encouraged and accepted public input to each decision and have made what I believe to be the best informed choice for all Yarmouth citizens. I have participated in strategic planning for Cumberland County and currently serve as the Yarmouth representative to the Greater Portland Council of Governments Executive Committee.

As Senior Vice President for Virtual Town Hall LLC, I not only have an opportunity to meet with both administrative and elected officials of other Maine communities, but with communities throughout the United States. I have attended workshops at many municipal conferences discussing issues facing small town government, and it has helped me to better understand and consider alternatives that I may not have thought of before.

If re-elected I vow to continue to learn as much as possible on every issue that is important to the quality of life in Yarmouth. In addition, I will respectfully listen to others' opinions, do my best to keep you informed, represent your concerns and make a difference.

Your opinions are valued. You can reach me by email at *randy@VirtualTownHall.net*, during the day at 772-7606 ext. 24 and most evenings at 846-6490.

Personal Data

Married: Kathleen Perry Age: 49
Residence: 536 Cousins Street
Education: Bachelors Degree - Applied Mathematics, Minor - Accounting
Florida State University, 1974
Employment: Senior Vice President, Virtual Town Hall LLC, Portland, Maine
Over 28 years in the computer hardware, software and communications services industry for both Fortune 500 and entrepreneurial companies. Former co-owner, with my wife Kathleen, of Royal River Provisioners at the Lower Falls Landing in Yarmouth.

I would appreciate your vote on June 11. Please pass this along to your friends in Yarmouth to further help them get better acquainted with their choices in the upcoming election.

Sincerely, Randy Perry

Paid for by the Committee to Re-Elect Randy Perry
